

R.285 & R.285SS

Classe II

AN EXCELLENT PARTNER FOR YOUR BACK AND YOUR HEALTH

Discover our range of **R.285** handling carts, designed to meet the needs of industries while offering versatility and convenience, whether it's the standard R.285 or the R.285 SS Stainless Steel model.

The standard R.285 is a true ally for transporting heavy loads of up to 285 kg. Suitable for large industries, it offers customization options with a range of manual or electric tools to meet your specific requirements. Its distinctive design includes a transparent double mast for increased visibility and an ErgoControl handle for optimal comfort.

As for the R.285 SS in Stainless Steel, it is perfect for environments with strict hygiene regulations. Equipped with interchangeable stainless steel electrical tools, it ensures versatility and compliance with hygiene standards. Its distinctive design and handle make it a wise choice for heavy-duty loads.

The R.205 is delivered with lithium batteries (28 V ; 18 Ah).
